### A NEXT-GEN FINTECH APP'S GROWTH STORY WITH VDO.AI

How a leading investment app leveraged VDO.Al's contextual ad formats across high-impact financial platforms to capture in-research investors, driving app installs through interactive,

#### VDO.AI

#### **CHALLENGE**

In the crowded Indian fintech space, building trust and visibility for a new investment app is challenging, especially when audiences already have their go-to platforms.

#### **INSIGHT**

Digital-first investors are more likely to try new platforms if they see relevance, credibility, and a frictionless user journey, straight from the ad!

#### **OBJECTIVE**

Drive awareness and app installs among financially savvy audiences by combining zero brokerage messaging with contextual, welltimed ad delivery.

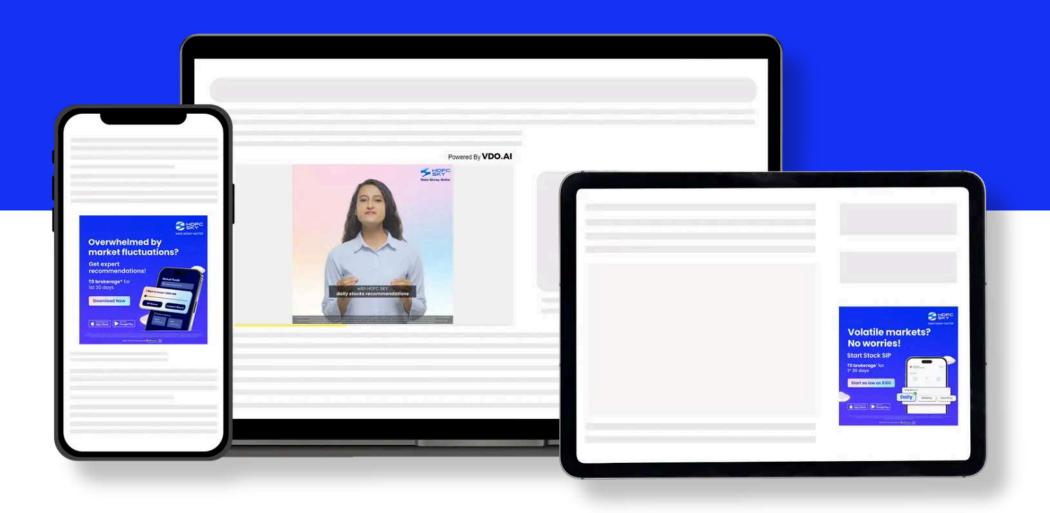

### INVESTING ATTENTION WHERE IT MATTERS

The brand partnered with VDO.AI to bring its proposition to life with cross-device & multiple format execution

- Interactive OLV ads that mirrored the app experience
- Contextual Display ads timed to financial content moments
- Premium placements on top financial platforms like Navbharat
   Times, TOI, Moneycontrol, and Business Today for credible visibility
- Geo-targeting and smart segmentation across Tier 1 & Tier 2 cities
